CONTENTS FOR VOLUMES I., II., AND III.

VOLUME I., NO. 1

PAGES

Foreword. Sir William Willcox, K.C.I.E., C.B., C.M.G., M.D., F.R.C.P., Chairman of the Executive Committee of the Empire Rheumatism Council. 1–4

Experimental Fibrositis due to a Virus, and some Observations on the Experimental Production of Arthritis. Mervyn H. Gordon, C.M.G., C.B.E., F.R.S., M.D., Consulting Bacteriologist to St. Bartholomew's Hospital, Chairman of the Scientific Advisory Committee of the Empire Rheumatism Council. 5–14

Some Incidental Observations on the Possibility of a Virus as Part Causal Factor in Rheumatism. C. B. Dyson, M.R.C.S., L.R.C.P., Research Fellow, Empire Rheumatism Council. 15–17

A Virus in Rheumatism. G. H. Eagles, M.D., D.P.H., Assistant Bacteriologist to the Lister Institute. 18–26

The Identification of the Hæmolytic Streptococci, with Special Reference to those of the Upper Respiratory Tract. A. B. Stewart, M.D., D.P.H. (From the Bacteriological Department, The University of St. Andrews.) 27–37

Observations on the Pathology of Acute Rheumatism and Rheumatoid Arthritis. Douglas H. Collins, M.D., Research Fellow in Rheumatism, University of Leeds. 38–45

A Contribution to the Pathology of the Rheumatoid Type of Arthritis and of Rheumatic Fever (Abstract). A. G. Timbrell Fisher, M.C., F.R.C.S., St. John Clinic and Arthritis Unit, St. Stephen's Hospital, late Hunterian Professor, R.C.S. 46–52

Heberden's Nodes in a Girl of Fifteen Years of Age. J. Barnes Burt, M.D., Physician to the Royal Mineral Water Hospital, Bath. 52–56

Second Annual Report of the Empire Rheumatism Council. 57–62

Reviews. The Synovial Membrane and the Synovial Fluid: D. M. Kling, M.D., Los Angeles; reviewed by E. L. G. Bywaters, M.B., M.R.C.P., late Mackenzie Mackinnon Research Scholar, R.C.P. and S. Focal Infection and Arthritis in the Light of Experiment; Elnar Jarlov and Ove Brinch, Copenhagen; reviewed by G. J. Griffiths, M.B., B.Sc., Hon. Assistant Physician and late Bacteriologist to the Devonshire Royal Hospital, Buxton. 63-65

VOLUME I., NO. 2.

Preface. iii

The Ætiological Problem of Rheumatism. Walter Levinthal, M.D., Munich, Research Officer, Royal National Hospital for Rheumatic Diseases, Bath. 67–85

Researches into the Ætiology of Acute Rheumatism: I. Rheumatic Carditis: Post-Mortem Examination of Nine Consecutive Cases. C. A. Green, M.B., Ch.B.(Ed.), D.P.H., Research Fellow, Empire Rheumatism Council. (From the Bacteriology Department, Edinburgh University.) 86–98

CONTENTS FOR VOLUMES I., II., AND III.

VOLUME I., NO. 1

PAGES

Foreword. Sir William Willcox, K.C.I.E., C.B., C.M.G., M.D., F.R.C.P., Chairman of the Executive Committee of the Empire Rheumatism Council. 1–4

Experimental Fibrositis due to a Virus, and some Observations on the Experimental Production of Arthritis. Mervyn H. Gordon, C.M.G., C.B.E., F.R.S., M.D., Consulting Bacteriologist to St. Bartholomew's Hospital, Chairman of the Scientific Advisory Committee of the Empire Rheumatism Council. 5–14

Some Incidental Observations on the Possibility of a Virus as Part Causal Factor in Rheumatism. C. B. Dyson, M.R.C.S., L.R.C.P., Research Fellow, Empire Rheumatism Council. 15–17

A Virus in Rheumatism. G. H. Eagles, M.D., D.P.H., Assistant Bacteriologist to the Lister Institute. 18–26

The Identification of the Hæmolytic Streptococci, with Special Reference to those of the Upper Respiratory Tract. A. B. Stewart, M.D., D.P.H. (From the Bacteriological Department, The University of St. Andrews.) 27–37

Observations on the Pathology of Acute Rheumatism and Rheumatoid Arthritis. Douglas H. Collins, M.D., Research Fellow in Rheumatism, University of Leeds. 38–45

A Contribution to the Pathology of the Rheumatoid Type of Arthritis and of Rheumatic Fever (Abstract). A. G. Timbrell Fisher, M.C., F.R.C.S., St. John Clinic and Arthritis Unit, St. Stephen's Hospital, late Hunterian Professor, R.C.S. 46–52

Heberden's Nodes in a Girl of Fifteen Years of Age. J. Barnes Burt, M.D., Physician to the Royal Mineral Water Hospital, Bath. 52–56

Second Annual Report of the Empire Rheumatism Council. 57–62

Reviews. The Synovial Membrane and the Synovial Fluid: D. M. Kling, M.D., Los Angeles; reviewed by E. L. G. Bywaters, M.B., M.R.C.P., late Mackenzie Mackinnon Research Scholar, R.C.P. and S. Focal Infection and Arthritis in the Light of Experiment; Elnar Jarlov and Ove Brinch, Copenhagen; reviewed by G. J. Griffiths, M.B., B.Sc., Hon. Assistant Physician and late Bacteriologist to the Devonshire Royal Hospital, Buxton. 63-65

VOLUME I., NO. 2.

Preface. iii

The Ætiological Problem of Rheumatism. Walter Levinthal, M.D., Munich, Research Officer, Royal National Hospital for Rheumatic Diseases, Bath. 67–85

Researches into the Ætiology of Acute Rheumatism: I. Rheumatic Carditis: Post-Mortem Examination of Nine Consecutive Cases. C. A. Green, M.B., Ch.B.(Ed.), D.P.H., Research Fellow, Empire Rheumatism Council. (From the Bacteriology Department, Edinburgh University.) 86–98

PAGES

The Influence of Morphological Structure on the Pathology of Joints. R. G. Abercrombie, M.D., Physician, Orthopædic Diseases, Royal Hospital, Sheffield. 99–108

Recent Researches on Arthritis and Rheumatism in the United States. Philip S. Hench, M.D., Division of Medicine, The Mayo Clinic, Rochester, Minnesota. 109–133

Preliminary Observations on the Oxygen and Carbon Dioxide Gas Tensions in the Knee-Joint in Normal and Pathological Conditions. Oswald A. Savage, Registrar, L.C.C. Rheumatic Unit, St. Stephen's Hospital, London; and H. J. Taylor, Maclean Research Fellow, Empire Rheumatism Council, St. John Clinic, S.W. 134–140

Abstracts: Polyarthritis in Rats; A Serological Test; Researches on the Streptococci, etc. 141–149

Correspondence. 149

Empire Rheumatism Council: Royal President's Address at Mansion House. 150–160

VOLUME I., NO. 3.

The Rheumatic Nodules in the Heart. Ludwig Aschoff, M.D., Freiburg-im-Breisgau. 161–166

A Review of Recent Italian Work on Rheumatism. Paola Ravenna, M.D., Turin. 167–179

The Formol-Gel Reaction and Erythrocyte Sedimentation Rate in Acute Rheumatism. C. A. Green, M.B., S. Thomson, M.B., and Surgeon-Lieut. A. J. Glazebrook, R.N. 180–195

Rheumatic Subcutaneous Nodule Formation. F. Dudley Hart, M.B., M.R.C.P. 196–200

The Sociological Aspects of the Treatment of Arthritis. J. J. R. Duthie, M.B. 201–209

Juvenile Rheumatism in London. Francis Bach, D.M., N. Gray Hill, M.B., T. Warwick Preston, M.B., M.R.C.P., and C. E. Thornton, M.B. 210–241

Abstracts and Reviews of Current Literature. 242–245

Quarterly Report of the Empire Rheumatism Council. 246–248

VOLUME I., NO. 4.

The Treatment of the Rheumatic Diseases in the United States and the Continent of Europe. W. S. Tegner, M.B., Sir Alexander Walker Travelling Research Scholar. 249–303

Gout an Unsolved Problem. J. Barnes Burt, M.D., Physician to the Royal Mineral Water Hospital, Bath; and R. G. Gordon, M.D., F.R.C.P.E., Physician, Royal United Hospital, Bath. 304–318

The Effect of Chrysotherapy on the Sedimentation Rate in Rheumatoid Arthritis. William Goldie, M.R.C.P., Research Fellow in Rheumatism, University of Leeds. 319–332

The Erythrocyte Sedimentation Test: A Wide-Bore Tube Method using Oxalated Blood and permitting Correction of the Result to a Standard Red-Cell Volume. D. H. Collins, M.D.; H. J. Gibson, M.D.; J. Race, F.I.C.; and H. B. Salt, B.Sc. (From the Royal Bath Hospital, Harrogate; the Royal National Hospital for Rheumatic Diseases, Bath; the Devonshire Royal Hospital, Buxton; and the Royal Brine Baths Clinic, Droitwich Spa.) 333–358

An Index of the Sedimentation Rate on a Mathematical Basis. L. J. Cutbill. (From the Cheshire Joint Sanatorium.) 359–363

Reviews. 364–366

VOLUME II., NO. 1.

PAGES

A Review of Recent Italian Work on Rheumatism: II. Chronic Rheumatism. Paolo Ravenna, M.D., Turin. 1–18

Recent Investigations on Rheumatism and Arthritis in the United States. Philip S. Hench, M.D., Division of Medicine, The Mayo Clinic, Rochester, Minnesota. 19–40

Tuberculin Reactions in Ankylosing Spondylitis compared with those in Other Rheumatic Diseases. G. Robinson, M.B. (From the Research Laboratories, Devonshire Royal Hospital, Buxton.) 41–46

Splenectomy in the Treatment of Rheumatoid Arthritis: A Report of Three Cases. F. Bach, D.M., and O. Savage, M.R.C.P. (From the Rheumatic Unit, St. Stephen's Hospital, London County Council.) 47–57

The Spontaneous Polyarthritis of Rats and the Syndrome induced by Inoculation of Human Material in these Animals. W. A. Collier and G. J. Staverman. (From the Eijkman Institute and the Radiological Section of the Medical High School, Batavia, East Indies.) 58-66

Third Annual Report of the Empire Rheumatism Council. 67–73

Acta Rheumatologica. 74

VOLUME II., NO. 2.

Editorial. 75–76

The Treatment of Sciatica, Brachialgia, and Occipital Headache. Ralph Stockman, M.D., F.R.C.P.Ed., F.R.C.S.Ed., late Professor of Materia Medica and Therapeutics, University of Glasgow. 77–82

A Symposium on Fibrositis. Fibrositis: Some Old and New Points of View. Charles W. Buckley, M.D., F.R.C.P., Physician to the Devonshire Royal Hospital, Buxton, and the Buxton Clinic for Rheumatic Diseases. 83–88

The Nature of Fibrositis and the Influence of Psychological States upon it. Colonel R. G. Gordon, M.D., F.R.C.P.Ed., D.Sc., R.A.M.C., Physician to the Royal United Hospital, Bath; and the Children's Orthopædic Hospital, Bath; Consulting Neurologist, Stoke Park Colony. 89–100

Fibrositis and Pain. J. B. Harman, M.D., M.R.C.P., F.R.C.S., Physician to Out-Patients at St. Thomas's Hospital, London. 101–107

Differential Diagnosis of Periarticular Fibrositis and Arthritis. C. H. Slocumb, M.D., Department of Medicine, The Mayo Clinic, Rochester, Minnesota. 108–113

Infection and Fibrositis. Douglas Collins, M.D., Research Fellow in Rheumatism, University of Leeds. 114–126

Laboratory Findings in Fibrositis. Joseph Race, F.I.C., Biochemist, The Royal Devonshire Hospital, Buxton. 127–133

Traumatic Fibrositis. Major Gerald Slot, M.D., M.R.C.P., D.P.H., R.A.M.C., Senior Physician, Royal Waterloo Hospital, London; Physician to Manor House Hospital, London; Physician-in-Charge, Rheumatism Clinic, London County Council, etc. 134–140

The Arthritic Sequelæ of Pneumatic Drilling. Lieut.-Col. W. S. Copeman, M.D., F.R.C.P., R.A.M.C., Physician to the West London Hospital and the Red Cross Clinic for Rheumatism. 141–146

Streptococcal Antifibrinolysin in Rheumatoid Arthritis and Spondylitis Ankylopoietica. C. Bruce Perry, M.D., F.R.C.P., Professor of Medicine, University of Bristol. 147–149

PAGES

Some Recent Papers on Rheumatic Diseases from the Library of the International League against Rheumatism. 150–158

Annual Report of the Empire Rheumatism Council. 159–165

VOLUME II., NO. 3.

Editorial. 167

The Present Status of the Ligue Internationale contre le Rhumatisme. Ralph Pemberton, M.D., University of Pennsylvania, U.S.A., President of the Ligue Internationale. 169–172

Recent Studies on Arthritis and Rheumatism in the United States. Philip S. Hench, M.D., Division of Medicine, Mayo Clinic, Rochester, Minnesota. 172–192

A Study of Certain Blood Tests which Reveal Colloidal Abnormalities in Rheumatic Conditions. H. L. Milles, M.C., M.R.C.P., and H. B. Salt, B.Sc. (From the Clinical Laboratory, Royal Brine Baths Clinic, Droitwich Spa.) 192–211

Observations on Rheumatic Diseases under War Conditions. Oswald Savage, M.R.C.P., Lieut. R.A.M.C., late Registrar, L.C.C. Rheumatic Unit, St. Stephen's Hospital, London. 211–215

Observations on Respiration in Articular Cartilage. Morris A. Bowie, M.D., Otto Rosenthal, M.D., and George Wagoner, M.D. (From the Laboratory of Orthopædic Research, Schools of Medicine, University of Pennsylvania, Philadelphia, U.S.A.) 216–223

Review: "Rheumatism, A Plan for National Action." Somerville Hastings, F.R.C.S., Chairman, Public Health Committee, London County Council. 224–226

The Empire Rheumatism Council: Progress Report. 227–229

VOLUME II., NO. 4.

The Use of the Sulphonamide Group of Drugs in the Treatment of Tonsillitis due to the Beta-Hæmolytic Streptococcus and in Acute Rheumatic Fever. Surgeon-Commander W. A. Hopkins, M.D., M.R.C.P.I., Royal Navy. 233–246

An Epidemic Myalgia Distinct from Bornholm Disease, which Chiefly Affected the Muscles of the Neck. Paul B. Beeson, M.D., and T. F. McNair Scott, M.D. (From the American Red Cross Harvard Field Hospital Unit.) 247–256

The Weltmann Coagulation Reaction and the Sedimentation Test in Arthritis. David H. Kling, M.D. (From the Arthritis Clinic, White Memorial Hospital, Los Angeles, California.) 256–265

A Specific Reaction in Acute Rheumatism and Rheumatoid Arthritis. Dr. A. J. Mester. (From the First Medical Clinic, Jagellons University, Cracow, Poland.) 266–268

Fractures in Chronic Arthritis. George J. Baer, M.D., Detroit, Michigan. 269–273

Gout and Male Pseudo-Hermaphroditism: Report of a Case. Edward F. Rosenberg, M.D., Division of Medicine, Mayo Foundation, Rochester, Minnesota. 273–278

Reviews and Commentaries from Current Literature. The Action of Gold in the Treatment of Arthritis. The Effect of Influenza Virus on the Hæmolytic Streptococci. 279–287

Empire Rheumatism Council: Fifth Annual Report. 288–297

VOLUME III., NO. 1.

PAGES

The War on Rheumatism. Lord Horder, G.C.V.O., F.R.C.P., Chairman, Empire Rheumatism Council. 1–4

Hæmolytic Streptococcal Infections and Acute Rheumatism. C. A. Green, Ty. Surg.-Commander, R.N.V.R., M.D., Ph.D., D.P.H., Empire Rheumatism Council Scholar at the Royal Naval Medical School. 4–41

Generic and Specific Influences of Nutrition in the Total Support of Arthritics. Ralph Pemberton, M.S., M.D., Professor of Medicine, Graduate School of Medicine, University of Pennsylvania, Philadelphia, President, Ligue Internationale contre le Rhumatisme; and C. Wesler Scull, Ph.D., Instructor in Chemistry, Assigned to Medicine, Graduate School of Medicine, University of Pennsylvania. 42–56

Fibrositis: A Biographical Study of Fifty Civilian and Military Cases, from the Rheumatic Unit, St. Stephen's Hospital (London County Council), and a Military Hospital; Philip Ellman, M.D., M.R.C.P., Consulting Physician, Rheumatic Unit, St. Stephen's Hospital (London County Council); Oswald A. Savage, M.R.C.P., Medical Registrar, Rheumatic Unit, St. Stephen's Hospital (L.C.C.), Major, R.A.M.C.; E. Wittkower, M.D., Physician and Halley Stewart Research Fellow, Tavistock Clinic, London; T. F. Rodger, B.Sc., M.B., M.R.C.P., D.P.M., Major, R.A.M.C. 56–76

VOLUME III., NO. 2.

Editorial. iv

Metabolism, Toxicity, and Manner of Action of Gold Compounds used in the Treatment of Arthritis. Complete Excretion Studies and Comparison of Intravenous and Intramuscular Administration of Some Gold Salts. R. H. Freyburg, Walter D. Block and S. Levey. (From the Rackham Arthritis Research Unit, the Medical School, University of Michigan, Ann Arbor, U.S.A.) 77–89

Resistance in Rheumatism. William Hughes, M.D., M.R.C.P., D.T.M., Lecturer in Medicine, School of Medicine, Lagos, Nigeria. 89–101

Cultural Studies on Rheumatoid Arthritis and Rheumatic Fever. D. Murray Angevine, M.D., Sydney Rothbard, M.D., Russel L. Cecil, M.D., Departments of Pathology and Medicine, Cornell University Medical College, New York City. 101–106

A Report on a Test of Mester's "Specific" Reaction in Rheumatic Cases. Lieut.-Col. W. S. C. Copeman, M.D., F.R.C.P., and Major W. Stewart, M.D., Pathologist, R.A.M.C. 107–117

Five Hundred Cases of Myalgia in the British Army. Captain Michael Good, M.D., R.A.M.C. 118–138

Annual Report. 138–144

VOLUME III., NO. 3.

The Evaluation of the Roentgenologic Findings in Arthritis. John D. Camp, M.D., Section on Roentgenology, Mayo Clinic, Rochester, Minnesota. 145–154

Rheumatic Fever and Nutrition. James F. Rhinehart, M.D., Division of Pathology, University of California Medical School, San Francisco. 154–167

Visceral Lesions associated with Rheumatoid Arthritis. David L. Fingerman and Frank C. Andrus, Department of Pathology of the University of Minnesota Medical School and the Minneapolis General Hospital. 168–181

PAGES

Blood Cultures in Rheumatoid Arthritis. Thomas N. Fraser, M.B., M.R.C.P., Glasgow Orthopædic and Rheumatism Clinics and Western Infirmary, Glasgow. 181–190

Correspondence: Resistance in Rheumatism. Ian Gordon, M.B., Ch.B., Bath. 190–191

Editorial. 192

VOLUME III., NO. 4

An Analysis of 388 Cases of Rheumatoid Arthritis. J. G. Sclater, B.Sc., M.B., Ch.B., F.R.C.P.Ed., Assistant in the Department of Medicine, University of Edinburgh. 195-206

A Study of Liver Function and Plasma Volume in Chronic Rheumatism by means of Phenol-tetra-bromphthalein Sodium Sulphonate. G. L. Robinson, M.D., from the Research Laboratories of the Devonshire Royal Hospital, Buxton. 207–221

A Clinical Contribution to the Study of the Ætiology of the Fibrositic Nodule. W. S. C. Copeman, M.D., F.R.C.P., Lieut.-Colonel R.A.M.C. 222–226

New Paths of Investigation for Diagnosis and Therapy. Dr. Ernst Freund, formerly Professor of Pathological Chemistry, University of Vienna; Medical Director of the Pearson Research Foundation; West London Hospital. 226–231

Annual Report of the Empire Rheumatism Council. 231–236

Review: "Arthritis and Allied Conditions." Comroe. 236

ITEMISED INDEX

Abercrombie, R. G. Vol. I., p. 99.
Acute Rheumatism. Vol. I., pp. 2, 4, 19, 21, 24, 27, 41, 44, 47, 51, 68, 69, 75, 83, 86 *et seq.*, 117, 161, 163, 167, 169, 172, 176, 180, 196, 210 *et seq.*, 255 *et seq.* Vol. II., pp. 3, 7, 10, 26, 123, 147, 172, 178. Vol. III., pp. 4, 89 *et seq.* 151, 158
Ætiology:

- Allergy. Vol. I., pp. 127, 308. Vol. II., p. 12.
- Bacterial Infection. Vol. I., pp. 3, 7, 10, 17, 27 *et seq.*, 45, 68, 71, 76, 86 *et seq.*, 112, 116, 143, 147, 170, 177, 233, 251, 269. Vol. II., pp. 2, 11, 25, 28, 147, 177, 233 *et seq.*, 285. Vol. III., pp. 4 *et seq.*, 101 *et seq.*, 181 *et seq.*
- Biochemical Factors. Vol. I., pp. 26, 68, 71, 82, 103, 125, 127, 252, 254, 266, 310, 314, 316. Vol. II., pp. 12, 35, 88, 130, 186. Vol. III., pp. 42, 57, 187
- (Discussions of). Vol. I., pp. 3, 18, 67, 86, 118, 125, 148, 169, 172, 177, 250, 256, 292. Vol. II., pp. 10, 34. Vol. III., p. 176.
- Septic Foci. Vol. I., pp. 4, 65, 68, 84, 120, 232, 235, 252, 310. Vol. II., pp. 93, 121, 122. Vol. III., pp. 42, 57, 187, 200 *et seq.*
- Trauma. Vol. I., pp. 64, 82, 103, 106, 196, 199, 261, 290 *et seq.* Vol. II., pp. 92 *et seq.*, 144, 172
- Virus Infection. Vol. I., pp. 4, 5, 10, 15, 25, 69, 127, 148, 177, 255, 258. Vol. II., p. 285

American Rheumatism Association. Vol. II., pp. 36, 171, 189
Andrus, F. C. Vol. III., pp. 168 *et seq.*
Angevine, D. M. Vol. III., pp. 101 *et seq.*
Arthritis:

- Rheumatoid. Vol. I., pp. 3, 19, 21, 38, 40, 44, 79, 83, 119, 122, 127, 154, 169, 196, 250 *et seq.*, 328, 353. Vol. II., pp. 3 *et seq.* 29, 47 *et seq.*, 147 *et seq.*, 180 *et seq.*, 215, 283. Vol. II., pp. 101 *et seq.*, 151, 168 *et seq.*, 183. Vol. III., pp. 195 *et seq.*
- Other Forms (Menopausal, Gouty, etc.). Vol. I., pp. 15, 23, 109 *et seq.*, 125, 127, 202, 258 *et seq.*, 315. Vol. II., pp. 4, 7, 9, 19 *et seq.*, 35, 86, 111, 140 *et seq.*, 172 *et seq.*, 187 *et seq.*, 263. Vol. III., pp. 42, 77 *et seq.*, 151
